Allowable Subject Matter

3. Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claims 1 and 8, the prior art of record neither anticipates nor renders obvious all the limitations of the claims including: vertically displacing the support off the pins using a pair of pneumatic actuators such that individual actuators of the pair lift respective opposing ends of the support substantially simultaneously and in unison. Claims 2-7 depend from claim 1 and claims 9-10 depend from claim 8, and thus these claims are also allowed.

Art Unit: 2814

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
